WAGGIN' WILD 5K

LPIA - High Point, NC RESCUE 2016 REVIEW

Why should you be a sponsor? What will your contribution accomplish? We decided to go back in our files and let the people we have helped over the years answer those questions.

"Hershey" surrendered 1/22/15 owner moving, cannot take. This sweet chocolate lab was a strong heartworm positive. This means without treatment he will die a slow, painful death. We took him in, had him treated and two years later received this in an email: "Two years ago today I brought Hershey home and he has matured into an incredible companion- very fit, happy and healthy. His coat glows and he runs at full speed chasing and retrieving balls. He has earned a new title as the unofficial mascot of Universal Healthcare, a rehab facility. He visits with many residents and brings his sweet, gentle touch to everyone and makes them smile. He is a joy to have. Thank you for making this possible."

"Lexi" taken to a vet to be euthanized as a puppy due to some leg issues that needed surgery. We took her in and she had double FHO surgery and was adopted. Her "mom" wrote us and said, "Lexi's first year of life was a tough one, but she sure is my little angel and the love of my life! She has not been held back by her two hip surgeries one bit. She is such a love and definitely Miss congeniality of the neighborhood. She brings me such great joy. Thank you from the bottom of my heart for saving her life!"

Over and over, we have people tell us how our organization helped them in some way. The lives that have been saved and enriched by our adoption and spay/neuter program number in the thousands. With your support we can do so much more. Come on board and help us save lives!
