

# *I Don't Know What I Don't Know:*

## *A Forum with Local Ranchers*

Join us for an informative session as we welcome a few of our local ranchers for a discussion about residential growth in agricultural areas and the impact on ranching. Where do our property rights and responsibilities begin and end? What do ranchers wish newcomers knew before moving into rural areas? This discussion is free, open to the public, and is facilitated by the Realtors of Central Colorado and Envision Chaffee County.
