

One association. One million-plus advocates for commercial real estate.

When you see a real estate professional wearing a REALTOR® pin, you know it stands for professionalism, expertise and ethical business practices. It also signifies that REALTORS® are the ultimate advocates for commercial property owners and investors.

The National Association of REALTORS® works with legislators and regulators to promote awareness of the key role commercial real estate plays in the national economy. We also strive to ensure government policies work toward a healthy commercial sector.

To learn more about NAR's advocacy efforts on behalf of its commercial members, visit the "Legislation and Advocacy" section at Realtor.org/commercial.
