

ANGEL PROJECT POLICY

The Angel Project is a non-dues supported initiative that was begun to help provide personalized Christmas gifts to the Foster Children of Cleveland County.

CCAR raises funds for this effort by raffle ticket sales, baked goods sales, 50/50 Drawings and applications for grant funds and any other fund raising activity.

The fund is overseen by an appointed committee of CCAR members. The instruction to the committee is to be good stewards of these proceeds, fulfill the initial goal, and retain a minimum of \$1000 for the following year's project while maintaining a spirit of goodwill throughout the county.

This committee should make periodic reports and be accountable to the CCAR Board of Directors as requested.

The committee may on its own initiative or at the request of the CCAR BOD submit requests for contributions outside the scope of the Foster Care Program, but only in extreme emergencies.
